## *Camp Leaps and Bounds*

For children with Autism Spectrum Disorder and/or sensory/motor issues who exhibit limitations in play, socialization and activities of daily living due to:

- Sensory integration dysfunction
- Auditory processing delays
- Perceptual motor problems
- Low muscle tone
- Motor planning problems
- Visual processing delays

### Background

Intensive therapy services are based on utilizing various types of practice opportunities for several hours per day, over a short period of time. In doing so, successful practice opportunities, can lead to modification or acquisition of skilled movements and behaviors beyond a person's present capabilities.

The various programs at Intensive Therapeutics involve providing a variety of extensive practice sessions, in a group setting, with meaningful goals and active participation for several hours per day for up to three weeks in a FUN environment.

**ALL THERAPEUTIC  
PROGRAMS ARE  
DEVELOPED AND  
SUPERVISED BY  
EXPERIENCED, LICENSED  
OCCUPATIONAL  
THERAPISTS**

*Camps are scheduled during the summer and school breaks. Call now to register.*
